

SATURDAY DECEMBER 3. 1743.

HE Reports that we have had of the establishing a South Sea Company at St. Malo's, have been so general, and withal, so indistinct, that many have inclined to believe the Whole a Fiction; or, at least, that nothing had been established upon this Subject. The contrary is, notwithstanding, certain; and the following Account may be depended upon as to the principal Points of this Contract.

The Court of Spain has granted a Permission for sending a 1000 Tons of Merchandize, allowing an 100, more or less, directly from France, to the South Seas, in one or more Ships, as shall appear most for the Company's Ease and Advantage. This Embarkation is to be regulated in Point of Price, exactly on the same Foot with those from Cadiz; but, independent of these Conditions, there are some other Clauses which are extremely advantageous.

1. The Spanish Minister shall exact on the said Merchandizes no further Duties than are solely, and directly due to the King. This single Article, with the Difference of transporting such Merchandize to Cadiz, the Freight, Assurance, Commission, which, according to the Custom of that Port, amounts to Three per Cent. Warehouse Room, and all the little Incidents that are usual, saves above 16 per Cent. the Advantage of which will more clearly appear from the following Particulars. Let it be supposed, that the original Capital of 8 Millions shall be reduced, by Duties and Expences, to 6 Millions; it is very certain, that if this should be charged with 16 per Cent. it would reduce the Capital to four Million 400,000 Pieces of Eight. But take it the other Way, that to export 4,400,000 Pieces of Eight in Goods, a Capital must be raised of 8,000,000; it is evident, that the Proprietors would gain much less thereby, than if they were allowed to sell 6,000,000 in Goods. There are, besides, many Advantages proposed on the Sale of the Cargo, superior to those allowed on the Ships freighted directly from Cadiz.

2. The Right of selling, buying, and lading, either in the Ships proposed, or in those of the Country, in all the Ports of Peru and Chili, with the Permission of opening Registers; a Permission which has not been granted to any of the Ships which have already sailed, or which may sail directly from Spain, affords a new and manifest Profit, not only on Sales and Purchases, but by the great Savings that may be made in the Charge of transporting the Goods from one Place to another.

3. The Liberty of agreeing for Freight, and, consequently, of bringing over, upon such Conditions as shall be agreed upon with the Proprietors, whatever Sums in Gold or Silver private Persons shall desire to send from Peru to Spain; which Licence was not granted to any of the six Spanish Ships, and will produce a very considerable Benefit on the Return.

4. The Liberty of putting on board each of the Vessels either French or Spanish Supercargoes, leaves the Proprietors the Choice of such Persons as they shall think most capable, and of greatest Experience, to manage their Cargoes in the South-Seas.

5. The Promise, or, rather, formal Engagement, of the Minister of Spain, not to grant any Licences or Permissions in France, till at least ten Months after the Departure of these Vessels, will secure them a sufficient Time for their Expedition to Peru; and the Value of their Cargoes, with the Advantages mentioned in the First Article, will afford them Opportunity sufficient to make a Trading Voyage, to the very great Profit of the Proprietors.

6. Lastly, In case the Minister of Spain shall think proper to allow a small Proportion of English Goods to be shipped for America, the Proprietors shall enjoy such a Licence, paying 133 5-16th Pieces of Eight more per Ton; which will amount, supposing the Assortment of 200 Tons of English Merchandize to 800 of French, to no greater Augmentation than 27,000 Pieces of Eight, or thereabouts; which must be considered as a very moderate Sum, allowing for the present Scarcity of English Goods in those Parts.

To the AUTHOR, &c.

S I R,

AS I am pleas'd with seeing in any Person a just Sense and Regard for his Honour and Integrity, especially in One, who acknowledges himself a Servant of the Public, I had a particular Satisfaction in reading Mr. G——'s Letter in the Daily Post of Yesterday: His Merit, as an Actor, is universally confess'd; but as there have been some Imputations upon his private Character, particularly for entering into separate Measures, contrary to a solemn Engagement, I see with peculiar Joy, his honest Appeal to the Public; wherein he declares his true and only Reason for hitherto declining to act; — "It is neither Obstinacy nor Exorbitancy," — but a Resolution not to be reconciled himself to the Manager, without the Reconciliation of the whole Body of his Brethren upon reasonable Terms. — This, says he, I have thought to be incumbent upon me; — Spoken like a Man of Honour and Virtue; — And I hope this honourable Conduct in an Actor will meet with its just Applause.

**BIBLIOTHECA HARLEIANA.**

The Office which has been undesign'dly given, by setting  
a Price upon the Harleian Catalogue, makes it necessary to  
lay before the Publick, the Reason for which a Method so un-  
usual is taken; which is not to extort from the Learned and  
Curious any extraordinary Expence, but to prevent so large a  
Catalogue from being wantonly demanded by those to whom  
it is of no Use, which cannot be permitted without great In-  
convenience; there being not many more printed of these  
Volumes, than will complete the Sets of those who have been  
pleased to purchase the former: It is therefore propos'd, that  
every Gentleman who shall lay down the Price of these Vo-  
lumes, shall be at Liberty to return them within three Months  
after the Day of Sale, and receive Books in Exchange to the  
same Value; or, if it be desired his Money.

Commissions.

**The KING, on a Representation made to him of the**

**Dr. John Hooper's FEMALE PILLS,**

For many Years in his own private Practice as a Man-Mid-  
wife and Ap. Ecceary, in all Cases more peculiarly incident to  
the Female Sex; and as, since their Publication to the World,  
they have been found of more general Use in these Cases, than  
any Medicine ever yet invented: In order therefore to secure  
the Property to the said Dr. Hooper, and his Assigns, &c. and  
to prevent counterfeiting so excellent a Medicine, his Majesty  
has been most graciously pleas'd to grant his Royal Letters  
Patent under the Great Seal of Great Britain.

These PILLS, by long Experience in private Practice, have  
been found the most useful Remedy against those general Com-  
plaints the Female Sex are subject to; they cleanse, purify,  
and cause a free Circulation of the Blood, when in a Manner  
stagnated; open those Obstructions which Virgins are so liable  
to, and bring Nature into its proper Channel, whereby Health  
is recover'd, and the Patient, that look'd like Death, restor'd  
to a lively Complexion. They are the best Medicine ever dis-  
cover'd for young Women, when afflicted with what is vulgarly  
call'd the Green Sicknes, which two or three Boxes will cer-  
tainly cure; and are also excellent for the Palpitation of the  
Heart, Giddiness, Loathing of Food, bad Digestion, Pains of  
the Stomach, a Beating of the Arteries of the Neck, short  
Breath upon every little Motion, Sinking of the Spirits, a  
dejected Countenance, and Dislike to Exercise and Conversa-  
tion; and likewise for the Scurvy. For all which Distempers  
they are a never-failing Cure, and are to be given from seven  
Years old to seventy. They are likewise equally proper for  
married Women, unless when with Child, and ought always  
to be taken one Month after Delivery; for they cleanse the  
Body, and purge off those gross Humours, which, when re-  
tain'd, generate numerous Diseases, and render Women un-  
healthy all their Lives; and therefore should be taken by all  
Women at the Age of Forty-five or Fifty, to prevent those  
Disorders that usually attend them at that Time. These PILLS  
have likewise been found a Sovereign Remedy either for Men  
or Women, in all Hypochondriac, Hysteric, or Vapourish  
Disorders; for they exceedingly strengthen the Nerves, throw  
off all gross Humours tending to Melancholy, invigorate the  
sinking Spirit, and cause an universal Cheerfulness in the  
Body. They are Cordial to the Stomach, and agreeable to the  
Smell and Taste.

By Virtue of the Patent abovemention'd, I have appointed  
Messieurs William and Cluer Dicey, and Comp. and John  
Newbery, my ONLY VENDORS of these Female PILLS; to whom  
all Persons are desired to apply for them, as their Warehouse,  
the Bible and Crown without Temple-Bar, and as Dr. Bate-  
man's Warehouse in Bow-Church-Yard, London; or at their  
Printing Offices in Northampton and Reading; at all which  
Places, Merchants, Captains of Ships, and Country Dealers,  
will have good Allowance to sell again; and particular Bills  
in any Language will be printed for such as take Quantities to  
Foreign Parts.

Sold also Retail at my House in Reading,  
JOHN HOOPER.

N. B. Each Box contains 40 Pills,  
which is about 10 Doses, and are  
sealed up in their Directions, with a  
Seal having these Words, JN<sup>O</sup>  
HOOPER'S FEMALE PILLS, and  
round it, BY THE KING'S PA-  
TENT, the same as in the Margin.  
Price One Shilling the Box.

of November, 1743, in the Evening, out of the Ground  
ford, a Black Mare, full Aged, about Fourteen Hands high,  
with a long Cut Tail, a long, thick, Bushy Mane, a long  
Foretop, has had a Bite on the Back Part of her Ear, so  
that no Hair grows on that Spot; and has no Hair on a  
little Spot on her Crest, under her Mane, about the Height  
of a Shilling, and is Full-bellied. Whoever gives Intelli-  
gence of the said Mare, so as she may be had again, or will  
bring her to the said Charles King, shall receive One Guinea  
Reward, and all Reasonable Charges. Witness my Hand,

**To Persons of either Sex**  
**Afflicted with any Species of the PALSY, or**  
**other NERVOUS DECAYS.**

**NEVER** were NERVOUS DISEASES,  
PARALYSIS, and PARALYTICK Disorders so frequent as  
of late they have been, nor have the usual Remedies been  
found adequate to those pertinacious Distempers: This oc-  
casioned a Physician, who employ'd his Thoughts much con-  
cerning them, to adapt a Medicine, a Sovereign Elixir, pecu-  
liar to, and effectual for, the Palsy, and all other nervous  
Complaints now reigning, which after he had experienced on  
vast Numbers of Persons of both Sexes, and all other nervous  
Surprising Success, even so as infallibly to cure by it the  
Palsy, and all Paralytick Effects and Nervous Disorders,  
he permitted it to be made publick for a general Good, that  
to those labouring under these miserable Ailments, might  
know where to meet with a safe and most certain Cure,  
which it accomplishes in so short a Time, and with such Ease  
and Pleasure (a few Drops of it being a Dose, highly agree-  
able to the Palate, and comforting to the Stomach and Bowels)  
as is almost incredible to relate.

But the taking one Bottle of it only, demonstrates its  
prodigious Efficacy to every one, and the Patients soon find  
all Numbness, Deadness, and Shaking, or Resolution of the  
Nerves, as well as all convulsive, cramp-like, or painful  
Contractions of them, vanish and return no more; and this  
though these Diseases have been of many Years standing, and  
whether occasioned by long Illness, fast Living, hard Drink-  
ing, or any other Cause; for it performs all that can be  
wish'd for in Nervous Cases, creates an Appetite, expels Wind,  
rectifies the Digestion, occasions laudable Chyle, attenuates  
the Blood and Juices, causes a free and regular Circulation of  
them thro' the Capillary Vessels, revives and increases the  
Spirits, warms, comforts, strengthens, and replenishes the  
Brain and whole Nervous System, hence the Sinews, Tendons,  
Ligaments, and all the enfeebled Parts are invigorated, the  
Limbs restor'd to their pristine Steadiness and Strength, and  
the Palsy and all Paralytick Disorders and Nervous Decays  
suddenly cured by it, to the Admiration of the Patients  
themselves, and all about them.

This sovereign and incomparable Elixir is permitted to be  
sold only at Mrs. Holt's, at the Cross-Keys and Star be-  
low the Royal Exchange in Cornhill, London, at 21 6d. a  
Bottle, with printed Directions at large.

**ANTI-SYPHILICON.**

**THE only short and most infallible**  
Cure in the Universe for the VENEREAL DISEASE,  
from the slightest Infection to the most extreme and deplora-  
ble Degree of it, even when the Blood and Juices are too  
roughly contaminated with its malignant Virus, and the ve-  
ry Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their attendant  
Symptoms, tho' ever so severe, are entirely cur'd off by  
it in a few Days, and so as effectually to prevent the Blood  
and Juices from being tainted with any remaining Relicks  
on one Hand, or a venereal Gleet or Weakness to happen  
on the other.

And the most inveterate Degree of the French Ulcer,  
attended with Nocturnal Pains, universal Breakings out,  
and all the other most exasperated Symptoms, are soon  
overcome by it, and effectually and much more safely cur'd  
than by Salivation, Inunction, or any other Method  
whatever, and in so easy and pleasant a Manner, without im-  
pairing Strength, or occasioning any Inconvenience, as hardly  
to be speak of the only apposite Remedy or true Venereal  
Antidote in the World; and this some Thousands have to  
their great Joy experienc'd.

It is pleasant to take, occasions no Sickness or Disorder,  
nor requires Confinement; but may be taken, and the Cure  
be accomplish'd, without the Knowledge of the nearest  
Friend.

Those who suspect they have received an Injury, may,  
by only a Dose or two of it, be perfectly freed from all  
Apprehensions; for it suffers no lurking Venom to lie hid  
in the Body, but wholly extirpates it Root and Branch, in  
a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remaining Re-  
licks of former Injuries, may by a few Doses of it entirely free  
themselves from all Suspicion of that Kind; for it admits of  
no Foulness, Corruption, or Putrefaction whatever, to re-  
main in the Fluids, or to adhere to the Solids; and on that  
Account, in all scorbutick, Scrophulous, and even leprous  
Eruptions or Foulnesses of the Skin, Glandulous Swellings  
and Impurities of the Juices, it does more by one Dose,  
than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILICON is but  
Six Shillings a Pot, which, considering its extraordinary Ef-  
ficacy, one Pot only being sufficient in most Cases to accom-  
plish the Cure, is not a tenth Part of its Value; and is ap-  
pointed by the Author to be had only at Mr. Rastall's  
Toothshop, at the Rose and Crown against St. Clement's  
Church-Yard in the Strand, ready sealed up with a Book of  
Instructions, by the Perusal of which, all Persons who were  
ever affected with any Degree of the Venereal Disease, may  
perfectly understand their own Condition, and certainly  
know when, and when not, the Venereal Poison is intirely  
rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Scurvy.
